R01: Data Quality & Availability: incomplete or unstructured data. Poor model performance and inaccurate outcomes. Perform early data audits and implement robust data governance.

R02: Integration Issues: Difficulty integrating AI with legacy systems. Delays in deployment and operational disruptions. Plan integration roadmap and use APIs/middleware.

R03: Talent & Skills Gap: Lack of internal AI/ML expertise. Overreliance on external vendors and slow p...

User: Summarize the current project status: how many tasks are done, in progress, and to do?

Assistant: To provide an accurate summary of the current project status, I would need specific information about the tasks involved in the project, including their current statuses (done, in progress, to do). Please provide the details of the tasks, and I can help summarize the project status accordingly.
